

Jennifer C. Stevens has been an eastern shore resident since 1994, living most of her life in Talbot County. She holds a Bachelor's of Science degree in Culinary Nutrition, and worked as a clinical dietitian for Shore Health Systems from 2002-2011. Although she enjoyed speaking with and helping patients from all walks of life, she chose to return full-time to a career she loves in the hospitality industry. Wearing the various hats of server, bartender and assistant manager since April 2008 at Ava's Pizzeria and most recently, Theo's Steakhouse, she has been serving St Michaels with a smile for 10 years.

Given her varied background and current career, Jen has a unique advantage as a candidate. She speaks with members of the community regularly, as well as business owners and other non-residents who depend on the town for their livelihood. She understands the delicate balance of supporting our vital tourism industry while maintaining the integrity of the town and the health of our surrounding environment.

Jennifer believes in thriving commerce, solid infrastructure, safe streets, continued beautification projects, and support of our first responders and our community center. She also believes that government should help its citizens and not obstruct their lives, not necessarily changing the rules, just showing some common sense in enforcing them. Jennifer hopes to instill these beliefs into our local government by becoming a town commissioner of beautiful St. Michaels, a town in which she lives, works, and plays, and loves dearly.
